Ideal location

Rudstone Walk is set in the peace and quiet of the beautiful Yorkshire Wolds, just a few minutes drive from the M62.

So why stay in a noisy hotel room on the side of the road when you can relax in tranquil rural surroundings and recharge your batteries for the day ahead. There's ample parking for wheels or helicopters!

There are also extensive conference, meeting and business facilities, including WiFi available free of charge to help residents and delegates keep in touch with home or office.

Located in its own 80 acres, Rudstone enjoys fabulous views and if you're looking for some fresh air there's plenty of local walking, running, cycling or even bird watching.

On the other hand just take a gentle stroll and enjoy the great view; on a clear evening the sunsets over the Vale of York can be magnificent.

Wherever I lay my head…it's my home

This is a family business owned and managed by Laura and Charlie Greenwood so you can guarantee a real Yorkshire welcome every time you visit.

It's a real home from home. There are even pet-friendly rooms for those who like to bring their dogs.
