If your plans are for a sit down wedding feast up to a maximum of eighty guests (we do not impose any minimum number) then you really do need to come and view our delightful country venue.

All our food is freshly prepared and much of it is locally sourced. The menu will be created exclusively for you and tailored to

suit your own requirements.

We are fully licensed for civil ceremonies and have fourteen en-suite rooms and larger cottages which can be pre-booked for your party so the whole of your Big Day can take place in the this one venue if you so wish. We also have two separate areas at Rudstone Walk for you to consider:

The Function Suite For any type of

country wedding our Function suite converted from an ancient stone barn is a perfect venue. The main function room with its huge patio and fabulous views over the Vale of York is supported by its own private bar area. The main dining area can seat up to fifty guests for formal dining on round or oblong tables. Should you require additional space then a small, heated, starlit marquee extension can be erected on the patio. Should you wish your celebrations to go on into the evening then we would be delighted to host this extra part of your Big Day for just a small evening hire charge. We can alter the main room as required and with your own bar and the courtyard room.

The Farmhouse Restaurant and Dining Room Our delightful farmhouse is also licensed for civil ceremonies and for a luncheon or early afternoon wedding. We can accommodate

approximately twenty guests seated on one large table in our oak beamed dining room for your Wedding Breakfast. Once again, for a small evening hire charge, the celebrations can continue into the evening.

Exclusive Hire of Rudstone Walk

As we are a small and unique venue, it is possible to book the function suite facilities and bedrooms for your exclusive use from twelve noon on your Big Day. The exclusivity offered is the hire of the ceremony room, the function room hire and fourteen en-suite courtyard bed and breakfast rooms (sleeping up to twenty eight people and including full English breakfast).
